NEWS RELEASE

New Brochure from Eriez® Highlights Environmental Best Practices

Eriez® introduces a brochure that highlights the company's eco-friendly product innovations and sustainable practices. "Our Ongoing Dedication to a Cleaner Environment" conveys the company's commitment toward environmental stewardship from the executive offices to its manufacturing plants.

"This brochure serves as a platform to demonstrate how Eriez significantly improves our customers' own productivity and profits while decreasing their environmental impact," said Keith Jones, Director of Corporate Communications.

Printed with Forest Stewardship Council (FSC) certified paper, this unique brochure explores Eriez' companywide green measures and the eco-friendly innovations which have solidified the company as a market leader in the growing recycling industry. Recent eco-friendly product innovations from Eriez include the [EcoTowerSort™](#) Total Metal Recovery System, the [FinesSort™](#) Fines Metal Recovery System and the [ProSort](#) Airless Metal Recovery System.

This new brochure reaches beyond products and reveals Eriez' sustainable business practices. Eriez has incorporated a completely digital workflow both externally and internally and utilizes FSC printers for mass quantity print requirements. Eriez remains committed to going paperless. "We hope our successful environmentally-friendly practices serve as a model for other manufacturing companies to build upon," said Jones.

For an electronic copy of this brochure, email Eriez at eriez@eriez.com.

Eriez is recognized as world authority in advanced technology for magnetic, vibratory and inspection applications. The company's magnetic lift and separation, metal detection, x-ray, materials feeding, screening, conveying and controlling equipment have application in the process, metalworking, packaging, recycling, mining, aggregate and textile industries. Eriez manufactures and markets these products through ten international facilities located on six continents. For more information, call toll-free (888) 300-ERIEZ (3743) within the U.S. and Canada.
